Fifth German Infantry Division "Annihilated" In Smolensk Area

ASSERT AIR RAID ON MOSCOW FAILS

Stubborn Fighting Continues At Several Places On Eastern Front

(BULLETIN)

MOSCOW, July 25.—Annihilation of another German infantry division at the front and complete defeat of a new Nazi night air raid on Moscow were officially announced by Soviet authorities today.

The high command's early morning war communiqué said that the 5th German infantry division, which had only recently arrived at the front, had been "entirely" wiped out in the Smolensk area, where the Nazis are staging an offensive against Moscow.

A later war bulletin, issued at noon, said that intense fighting continued throughout the night at the Petrosavodsk, Borkhov, Polotsk, Smolensk and Zhitomir sectors, and that the Red air force inflicted continued blows on German mechanized units and airdromes.

This announcement was issued after two successive waves of German bombers attempted to attack Moscow during the night for the fourth consecutive time.

Attack Failed
An official announcement stated that only one German plane succeeded in reaching the city—and that it was shot down after dropping bombs "at random."

Anti-aircraft batteries and night fighters, the announcement added, "dispersed the two waves of raiders, driving them back to the west."

Two air raid warnings were sounded. The first lasted an hour and a half and the second two hours. Altogether, two of the German raiders were shot down.

PA NEW OBSERVES

New Castle is sweltering today in one of the hottest days of the summer. Evidently St. Swithin has fallen down on the job.

Pa New was informed last night that at a service station on north of the city, a couple of youths stopped during the day and purchased ten cents worth of gasoline. Frequently purchases of 25 cents worth are made, the attendant said.

Downtown traffic was unusually heavy last night, apparently many motorists heading for the public square to take a look at the progress of the aluminum collection.

Campers were in their element last night. It was cool along the streams and sleeping was easy, they report.

Japs To "Defend" Indo-China

Japan is reported preparing to land troops on the southeast coast of French Indo-China within striking distance of the Philippines, Singapore and the Netherlands East Indies, following French acceptance of Japanese demands for military facilities there. Japanese warships were reported off Saigon and troop transports were said to be en route from Hainan to Saigon. Vichy previously had granted northern Indo-China bases, including Hanoi, to Japan.

New Defense Measures Are Taken In Malaya By British Government

By EARL REEVES
International News Service Staff Correspondent

LONDON, July 25.—Great Britain today announced new defense measures in Malaya as a consequence of Japanese occupation of Indo-China.

No details were announced. But the gravity with which Britain views the Far Eastern situation was emphasized in the House of Commons by Foreign Secretary Anthony Eden.

He told the house that Britain regards developments in Indo-China as a "potential threat" to her own territories and interests in the Far East.

It was clear that the British government is concerned over the potential menace to its great naval base at Singapore and to its base and crown colony at Hong Kong which will result from Japanese military occupation of naval bases in southern Indo-China.

Nazi Brick Tossers Are Being Hunted By Chicago Police

(International News Service)
CHICAGO, July 25.—Bricks with the Nazi Swastika painted on them were hurled through windows of eight business houses on Chicago's Northwest Side today.

Witnesses said the bricks were thrown by three men driving a dark sedan. Several police squads were sent into the district to hunt for them.

Among the firms attacked were the Biltmore Tire and Rubber Co., several grocery stores, and the Gershuny and Epstein Co. At the latter, a \$200 window was smashed.

British Announce Destroyer Is Sunk

(International News Service)
LONDON, July 25.—The admiralty announced today that the 1,375-ton British destroyer Pearlless had been sunk during operations in the Mediterranean "in which our forces were subjected to a series of heavy air attacks during the day and E-boat (motorboat) attacks during the night."

The announcement said a number of the attacking planes were shot down.

The Pearlless, completed in 1934, carried a normal complement of 145 officers and men and had a top speed of 36 knots.

Surplus Forms Great Pile At New Castle Tin Mill Building

All you have to do in this country, or this county, or this city, is to ask for something that is needed, and if it really is needed you will get it. Like aluminum, for example. Uncle Sam sent out an SOS some time ago for scrap aluminum, and Thursday, July 24, was the day when New Castle and Lawrence county gathered it in.

And what a gathering that turned out to be. A bin was erected on the Public Square which was built to some set of government figures and apparently designed to hold New Castle's quota. At six thirty the bin was fuller than a pudder on Saturday night, and the trucks from then on were diverted to the old New Castle tin mill. Today there is a pile down there that would fill the bin twice, and all of the aluminum isn't in yet.

Five to Seven
The gathering hours were set from five to seven in the evening. Boy Scouts came in from their camp on the Slippery Rock creek to ride the collection trucks, and the trucks were donated by merchants. In about twenty minutes after five the first New Castle trucks reported with their loads, and from then on it was a parade of trucks.

The first truck actually to unload was that of Hickory township, followed by the firemen of Shenango township. These trucks, however, had been out collecting most of the day and turned in heavy loads. Hickory, Shenango, Taylor townships, Wampum and West Pittsburg turned in their aluminum here. Ellwood City, New Wilmington and other townships will turn theirs in later, and the reports from those points follow the unusual contributions from New Castle.

British Air Raid Kills 45 Persons At Cherbourg Port

(International News Service)
BERLIN, July 25.—Forty-five French civilians were killed and 130 were injured when the R. A. F. raided the German-occupied French port of Cherbourg yesterday, it was announced officially in Berlin today.

The statement said the attack caused considerable damage to residential sections of Cherbourg. German authorities attempted to raid Hamburg last night but the raiders were driven off by anti-aircraft fire and pursuit planes.

(Editor's note: A British announcement said R. A. F. planes delivered their main attacks against the German naval bases at Kiel and Emden during the night.)

Peru-Ecuador Hostilities Flare

Ecuadorian Troops Renew Attack Says Report From Lima, Peru

(International News Service)
LIMA, Peru, July 25.—Hostilities between Peru and Ecuador flared again today when Ecuadorian troops renewed attacks south of the Sarumilla river, it was announced here. The attackers were said to have been repulsed with heavy losses. Several attempts were made to capture important Peruvian positions but Peruvian troops, supported by two flights of aircraft, repulsed every onslaught.

The governments of Peru and Ecuador again exchanged notes accusing one another of aggression.

Reports circulated that Japanese troops are operating with the Peruvians were officially described as "ridiculous."

Tenacious Resistance Of Soviet Troops Causing Heavy German Losses

BERLIN, July 25.—Capture of at least 30,000 additional Soviet troops and the slaying of an even greater number in heavy fighting on the eastern front was announced officially in Berlin today.

In the Nevel Sector west of Moscow, German military authorities stated, prisoners taken by encircling Panzer troops now total 20,000. Further south in the Mogilev area, 10,000 more Red army soldiers were said to have surrendered when their resistance collapsed after being caught in a German iron ring.

Large Number Killed
In this sector, Berlin authorities estimated, the number of Russian dead "far exceeded" the number of prisoners captured.

In addition on this part of the front, officials declared, at least 100 field guns and "masses of ammunition and other supplies" were captured, while a "vast quantity was destroyed."

First Aerial Commuter To New York City

(International News Service)
NEW YORK, July 25.—The virtues of commuting by air were enumerated today by Peter M. Schweitzer, the country's first regular aerial commuter.

Schweitzer, an attorney who lives at Hewlett Long Island, and has his office in Newark, N. J., takes a Transcontinental and Western plane daily from La Guardia field to Newark airport and return. It costs him \$1.70 each way.

At the end of seven days of aerial commuting Schweitzer pointed out it had saved him a daily ordeal of driving at least 70 miles through thronged traffic. He also pointed out the plane trip was cheaper as it eliminates payment of \$1.50 tunnel toll daily in addition to operating expenses of his automobile.

He also gets his breakfast free on the plane.

China Will Aid British If Japs March On Burma

(International News Service)
CHUNGKING, July 25.—China will send troops to aid the British if Burma is attacked by Japan, an official Chinese military spokesman announced today.

The government of Generalissimo Chiang Kai-Shek, the spokesman said, regards Japanese penetration of southern Indo-China and possible occupation of Thailand as forerunners of an attempt to cut the Burma road and invasion of Yunnan Province.

The spokesman emphasized complete coordination of British and Chinese plans to defend Burma. A formal agreement in this regard has been reported frequently.

United States May Impose Economic Sanctions On Japan

By ERIC FRIEDHEIM
International News Service Staff Correspondent

WASHINGTON, July 25.—The United States today had assurances that Great Britain and Australia will lend complete support to any American economic sanctions directed against Japan.

These assurances were reported to have been conveyed to the state department by Australian Minister Richard Casey and British Minister Neville Butler during a conference with Acting Secretary of State Sumner Welles last night.

Move Is Denounced
Casey and Butler called at the department after Welles, on behalf of the American government, denounced Japan's move on French Indo-China as a menace to the Philippines, the Dutch East Indies and other Pacific areas.

Immediately after issuance of Welles' forcefully-worded attack on Japanese aggression, there was strong evidence in official quarters that the United States government would implement this denunciation with a series of economic counterblows.

Seek To Find Cause Of Death Food Poisoning May Have Been Responsible For Clearfield Child's Death

(International News Service)
CLEARFIELD, Pa., July 25.—Tests were being made today to determine whether food poisoning was responsible for the death of James Chandler, four-year-old son of Mr. and Mrs. Cleo Chandler of Emporium, and the illness of five other children.

The Chandler child died at the home of his grandparents, Mr. and Mrs. William English, Frenchville, Pa., on Wednesday, Coroner Dr. E. S. Erhart disclosed.

At the same time it was reported that five children from the same household were in Phillipsburg State hospital suffering from effects of possible food poisoning. The children were Carol, three; Judith, 19 months; sisters of James; and Janette, seven; Anita, four; and Donald Lee, three, children of Mrs. English.

No inquest or autopsy was planned. Coroner Erhart said he did not know the cause of James' death and that food poisoning was his speculation. Mrs. English said the children had shown signs of illness off and on for almost a week.

Charge Is Made In Death Of George W. Howells, Of Pittsburgh

(International News Service)
PITTSBURGH, July 25.—A mid-level state highway department official was charged with murder today in the "one-punch" death of George W. Howells, 48, and was held for the coroner with the woman companion who witnessed the assault.

The murder charge was placed against Ralph E. Walker, 40, of Dormont, an assistant superintendent of maintenance for the Pennsylvania department of highways, stationed at Aspinwall. He is married and the father of two children.

A charge of accessory to murder was lodged against Caroline Makarich, 39, also known as Ruth Morton, who was walking with Howells when he was slugged on the north side Tuesday.

Walker admitted striking Howells but said he didn't know why at a hearing before Magistrate Anthony Lucas, Lucas asked:

"Weren't you a little bit mad because he was with your girl?" Walker replied: "I guess that's right," adding: "Didn't hit him hard."

Seek To Reach Agreement On Plan For Substituting Buses For Street Cars

(International News Service)
PITTSBURGH, July 25.—City Councilmen D. O. Davies, J. D. Alexander and W. H. Dunlap today are in Pittsburgh where they met informally with the Public Utilities Commission relative to a petition by the New Castle Street Electric Railway company that street cars be abandoned and buses substituted here.

The council will attempt to work out with the commission a feasible plan for the abandonment of street cars.

It is reported the council is now willing, if the PUC orders, to remove rails in streets maintained by the state and refill the rail slots with concrete. The rails would be salvaged by the city.

Solicitor and assistant, Robert White and Frank Moretti, accompanied councilmen to the session.

Liquor Places May Be Increased

Liquor Quota May Be Larger

Bill Providing Change Is Awaiting Action By Governor James

MUCH OPPOSITION MAKES APPEARANCE

By RAYMOND WILCOVE
International News Service Staff Correspondent

HARRISBURG, July 25.—A "considerable" increase in the number of liquor establishments operating in Pennsylvania is threatened in the event Gov. Arthur H. James approves a bill amending the liquor quota law, Fred T. Gelder, a member of the state liquor control board, today stated.

The bill was enacted by the legislature shortly before it adjourned and is now in the hands of the attorney general's office, preparatory to being sent to the governor with a legal opinion on its merits.

Considerable Opposition

Although Governor James yesterday stated that he did not know what action he would take on the measure, not having studied it yet, it was learned that considerable opposition to its approval exists in the liquor board. As a result the bill appeared to stand a good chance of being vetoed. A report by the liquor board on the bill's merits is now in the governor's hands.

Gelder, regarded as the governor's most likely choice as board chairman to succeed the late William S. Rial of Greensburg, said he regarded the quota act amendments made by the legislature as so broad they defeated the purposes of the law. The quota act was enacted in 1939 in an effort to restrict the number of new liquor establishments being opened in Pennsylvania. It restricts to one per thousand population the number of licenses issued by the board.

At present there are 20,261 retail beer and liquor places in the state, 17,276 dispensing both beer and liquor and 2,985 selling beer. Of these, 3,128 are private clubs, with special privileges, including the right to remain open on Sundays.

FAR EASTERN CRISIS APPROACHING CLIMAX IS BELIEF IN JAPAN

(Continued From Page One)

A Reuters (British) dispatch from Hanoi, Indo-China, said Japanese forces are expected to begin occupation of Indo-Chinese military bases next Tuesday.

Tension Increases

Meanwhile, tension increased rapidly in Tokyo because of uncertainty over the international situation, complicated by the explosive crisis over Indo-China.

An official government spokesman, in reply to a direct question, made it clear that Japan still is willing to discuss matters with the United States—but along lines compatible with Japan's obligations to Germany and Italy under the tripartite Axis pact.

The spokesman expressed this view as Tokyo officials studied the statement of American Acting Secretary of State Sumner Welles, who termed developments in Indo-China a threat to United States security.

The spokesman was asked whether there was still room for talk between the United States and the Japanese government.

With the suaveness for which Japanese diplomats are famous he replied:

Not Given Up Hope

"The Japanese government has never given up hope for an adjustment of relations between Japan and the United States provided such talk and contact with the United States does not run counter to Japan's international commitments with other powers."

The spokesman also admitted that the Japanese foreign office is "inquiring" at Vichy regarding Japanese possession of military bases in Indo-China.

Beyond admitting that these inquiries are being made, the spokesman denied knowledge of any agreement between Tokyo and Vichy regarding Indo-Chinese bases.

Likewise the spokesman disclaimed allegations published by the Japanese press that Japan believes she is being encircled by the United States, Britain and Russia. But of the Soviets he remarked significantly:

"The mere existence of a neutrality pact with Russia does not make the Soviet our ally."

As for other Far Eastern nations, the spokesman described the attitudes of both Indo-China and Thailand as "satisfactory," despite what he called the activities of (Free French) De Gaulle and "other influential elements."

PRESIDENT PLANS DRASTIC MOVE IN FAR EAST CRISIS

of what the state department insists is unnecessary cooperation with its Nazi conquerors.

There was indicated also a determination on the part of the United States to keep the sea lane open over which Australia is sending essential war goods and foodstuffs to the mother country, England, as well as the sea lane which has been delivering critical materials from the far east to these shores.

Anticipate New Moves

Orders freezing Japanese credits in the United States, prohibiting future shipments of vital needed American oil to the Japanese war machine, and seizing any Japanese ships that may still be in the United States harbors were anticipated as the first moves to be directed from the president's Hyde Park home.

Mr. Roosevelt planned to spend the week-end at the family residence.

Full effect of such action designed to demonstrate that Japan's "aggression" against French Indo-China and the Dutch East Indies are endangering "our national security"—is expected to strike a heavy blow at Japan's reportedly over-taxed military establishment. (The quotation of phrases from Acting Secretary of State Sumner Welles' extremely strong warning to Tokyo issued undoubtedly with White House approval.)

Would Strangle Jap Trade

Although the last word President Roosevelt received from his cabinet yesterday afternoon indicated only four Japanese ships to be in United States ports, threat of seizure would strangle one of that country's most profitable trade outlets—her shipments of silk, crabmeat, toys, etc., to this country.

When Mr. Roosevelt boarded his special train close to midnight last night for Hyde Park, Treasury General Counsel Edward Foley and his assistants were still at work. Significantly earlier in the day, while the cabinet meeting was still on, the White House sent for 30 copies of the June 14 order which froze all European credits except Great Britain, with the promise of special dispensation for nations still resisting the axis powers.

United States May Impose Economic Sanction on Japan

(Continued From Page One)

ered. These include an embargo on further oil shipments to Japan, the freezing of approximately \$125,000,000 of Japanese assets held in the United States and possibly a ban on Japan's silk shipments to this country.

Hints Oil Embargo

President Roosevelt hinted that an oil embargo might be ordered. The president explained that Japan for the past two years has been permitted to purchase American oil to forestall a Japanese invasion of the Dutch East Indies, but he significantly used the past tense in his explanation.

An embargo of oil shipments is the most crushing economic blow the United States could aim at Japan. At present, this country supplies Japan with well over 70 percent of her petroleum needs.

During the past two years, the defenses of the Dutch East Indies and Singapore have been strengthened materially and military experts are of the opinion that Japan might have difficulty in attempting an invasion of this territory. This fact, these experts said, weighs heavily in favor of an American oil embargo at the present time.

Welles' strong emphasis on the importance of the Dutch East Indies left little doubt that a Japanese thrust in that direction would meet with American and British resistance. Earlier this week, Secretary of Navy Knox asserted that the U. S. fleet is ready to back up American foreign policy in the Pacific.

Russian collaboration with Anglo-American far eastern policies also appears certain. Soviet Ambassador Constantin Oumansky conferred with Welles for an hour shortly before the arrival of the British and Australian ministers. The American promise of war aid to Russia is believed to be closely related to the crisis in the Pacific.

No Great Battles

"In other directions," the communiqué said, "no great battles were reported."

"In the Smolensk area Soviet troops entirely annihilated the 5th German infantry division which had freshly arrived at the front."

"During the day (Thursday) our air force co-operating with army land forces carried out attacks on enemy infantry and mechanized units and airdromes."

"According to data which has now been completed, the air force annihilated on the ground and in air combats 58 German planes and lost 19 planes during July 23."

"Five raiders were shot down over Moscow on the night of July 23-24."

Woman Injured In Auto Crash

Mrs. George Veon, Of Wampum, Suffers Broken Pelvis Near Slippery Rock

Mrs. Maude Veon, wife of George Veon of Wampum, is in the James Memorial hospital with a fracture of the pelvis and other injuries, sustained about 11 o'clock this morning, when an automobile driven by Dallas Veon, of Wampum, was involved in a collision with a truck owned by the Continental Refining Company, and driven by Omar Donaldson, of R. F. D. No. 5, at Moore Corner, the intersection of Routes 108 and 488.

The two Veon couples, elderly people, were enroute to Niagara Falls for a vacation trip, and the Veon car is claimed by Donaldson to have failed to observe the stop sign at that point, with the result that the gasoline truck struck the passenger machine. Mr. and Mrs. Dallas Veon and George Veon escaped with minor injuries.

NEW DEFENSE MEASURES TAKEN IN MALAYA

closed, certain new defense measures already have been put into effect in British Malaya. It is possible that authorities soon will announce that these measures are.

Although there was no official news in London regarding conclusion of a definite agreement between Japan and the Vichy regime, or of occupation of further bases by Japanese forces, British authorities said it was evident that both of these events are "imminent."

In anticipation of such developments, they said, the British government is in close communication with the governments of the United States, the Netherlands and the Dominions.

In a broadcast heard by N.B.C. the Sydney, Australia, radio reported an announcement that occupation of Indo-Chinese bases by Japanese troops has been accepted by representatives of the French and Japanese governments.

In effect Next Week

The Australian broadcast said the agreement will "go into effect next week." The Sydney radio also quoted the Australian press as stating that 40 Japanese ships which were to have proceeded to the United States have put in at Japanese ports instead of proceeding to American ports.

British authorities said the announcement of the United States attitude toward far eastern developments made yesterday by acting Secretary of State Sumner Welles was welcomed by Britain as "timely and salutary."

In view of the "plain threat to British territories which the Japanese action implies," they said, "certain measures" already have been enforced in Malaya.

heavy loads on Kiel and Emden starting large fires and causing great damage.

Smaller forces attacked Wilhelmshaven and the docks of Rotterdam. Five of our aircraft are missing.

Night fighters again attacked enemy air fields in France.

While the attack on the western part of the Reich was in progress, German planes dropped a few bombs on Britain. The air ministry said the Nazi raiders failed to cause either damage or casualties.

The "stratosphere raid" occurred yesterday when heavy British bomber forces went after the Nazi Battle Cruisers, Scharnhorst, which had been moved from Best to La Pallice and Gelsenau, which is still at Best.

In one of the heaviest attacks of the entire war, the Boeings flew at fantastic heights over Best, dropping bombs on the already battered American. The air ministry said the American built planes flew so high that they were scarcely visible or audible from the ground and that the scream of their bombs was probably the first warning of their presence.

Both the Gelsenau and Scharnhorst were struck squarely by armor-piercing bombs of the heaviest caliber. It was stated, in addition, according to the air ministry, the German Cruiser Prince Eugen, also at Best, was believed to have been hit by a "stick" of bombs which virtually demolished the dock where she was berthed.

These attacks were part of a great

MISS HELEN MAE COX BRIDE OF JACK JONES

Before a large assemblage of friends and relatives in the King's Chapel church Thursday evening, Miss Helen Mae Cox, daughter of Mr. and Mrs. Morris Cox of West Washington street, became the bride of Jack Jones, son of Mr. and Mrs. John Jones of West North street.

The nuptial vows were exchanged at 7 o'clock before a beautifully empaneled altar of ferns and white flowers, with Rev. James G. Cousins, minister, officiating with the impressive double ring ceremony.

Following the service appropriate wedding selections were played by Mrs. James G. Cousins.

Given in marriage by her father, the bride was lovely in a white crepe frock, street length, with white accessories, and her shoulder corsage was of pink roses.

Mrs. Emory Vaughn, sister of the bride, as matron of honor, was attired in blue crepe, with a white hat, and her flowers were yellow roses.

William Jones served his brother as best man, and ushers were Emory Vaughn and Jack Williams.

Following the ceremony a reception took place in the Cox home, and the bridal table was centered with the traditional wedding cake, topped with miniature bride and groom, with pink and white appointments. Aides were Mrs. Ruby Rote, Geraldine Graham and Shirley Maughn.

Later in the evening the couple left for a lake trip and after August 1 will reside with the bride's parents for the present.

The bride is a graduate of Union High school and has been employed at Castle Inn for the past three years. Mr. Jones graduated from the New Castle High school and is affiliated with The New Castle News.

Jolly Ten Club

Mr. and Mrs. J. E. Davis graciously received members of the Jolly Ten club in their home on Scotland lane, Thursday evening, for a tureen dinner.

After a tasty menu was served at 6 o'clock hours were spent informally.

Plans were made for a breakfast at Cascade park on July 29.

McCREARY REUNION AT NEW WILMINGTON

More than 95 members of the Enoch McCreary family gathered in New Wilmington Community park on Thursday for their 33rd annual reunion and honored Mr. and Mrs. Howard Scott of Hollywood, Calif., who were present for the occasion.

Mrs. Scott will be remembered as Ruth McCreary of near East Brook, and she and Mr. Scott have not been east since they left on their honeymoon 25 years ago.

Dinner was served at noon and a lunch was enjoyed in the evening, with swimming, sports and chat as the diversions. In the horseshoe contest winners were Howard Scott and Fred Reitz Jr.

Ray Hammond Davies presided at the business meeting, and the following officers were elected for the coming year: president, Edwin Houston; secretary, Ella Tidball, and treasurer, Ruth Matthews.

Guests were present from Lisbon, Youngstown, Buffalo, Akron and surrounding community.

In 1942 the reunion will be held at the same place on the fourth Saturday of July.

B. P. W. TO HAVE PICNIC MONDAY

Arrangements are rapidly nearing completion for the Business and Professional Women's club picnic to be held Monday evening, July 28, at 6 o'clock at the B. P. W. cottage, Lakewood.

Nancy Bechtel is chairman of the event and reservations are in charge of the calling captains.

Party Wednesday

Mr. and Mrs. Charles Caldwell of Union street entertained a few friends Wednesday evening in honor of their nephew, Finley Sankey of Ray street, who is home on a few days' furlough from C. C. camp at New Mexico.

Hours were spent in games and music, and the group roasted wieners around an outside fireplace later in the evening.

Mr. Sankey will return to New Mexico on Sunday to resume his duties.

KYLE-BRENNEMAN WEDDING SOLEMNIZED

On the wedding anniversary of her parents, Mr. and Mrs. John A. Kyle of Volant, Miss Esma Kyle became the bride of Albert Brenneman, son of Mrs. Nora Brenneman and the late Thomas Brenneman of Volant.

The wedding ceremony was performed on July 23 at 2:30 o'clock in the Rich Hill parsonage with Rev. Homer K. Miller officiating with the single ring service.

For her wedding the bride chose a poudre blue frock with rose and white accessories, and her corsage was of pink roses and baby mums.

Miss Lucille Sonntag of New Castle, as maid of honor, wore a canary yellow ensemble with poudre blue accessories, with a harmonizing corsage.

Lester Kyle, brother of the bride, served the groom as best man.

Following the ceremony the bride and groom returned to the bride's home where a dinner was served to the immediate families.

The bride is a graduate of the Mercer high school, and Mr. Brenneman graduated from New Castle Business college.

They will be at home to their friends at the Brenneman home—stead at Volant where the bridegroom is engaged in farming.

Busy Fingers Club

The Parent Problem

By Garry C. Myers, Ph. D.

TEDIUM MAY INDUCE OBEDIENCE

The basic purpose of punishment is to render an undesirable act so unpleasant to the child that he won't choose to repeat it. A principle of punishment which deserves some consideration is this: Compelling the child against his wishes to do over and over again an act which you want him never to do again.

Some examples—a child five years old persists in starting fires. If he is taken to an open safe place with ample kindling materials available and forced under supervision to start a fire over and over continuously for an hour or two, fire building might permanently lose its lure for him. I have seen this happen.

Soon Gets Tired Of It

A certain boy who continuously disturbed his class by a special type of antics was required to repeat the performance a number of times while all looked on. He never chose to perform the stunt thereafter.

Another lad who persisted in throwing things in the classroom was set to throw continuously at a target for twenty minutes, with the teacher and class as spectators. He was cured. While in both cases there might have been subtle causes of the behavior, the child had to learn that he could not continue to be a social nuisance.

Difficulty In Punishment

A girl nine years old, despite frequent rebukes, persisted in calling her sister by an ugly name. Her mother assigned this offender the task of writing the word, before she could have her next meal, 500 times on a large sheet of wrapping paper. The word disappeared from the girl's vocabulary.

There is a serious difficulty, however, in the enforcement of such punishment. In case the child refused to go on doing the act he was told to do, the parent or teacher might be in a sad predicament. No one should attempt it unless very sure of success.

I advise the application of this principle of punishment for the child under ten or twelve who doesn't go to bed until after a long siege of nagging. Accordingly he is told by the parent whose word is reliable that for being in bed with lights off a single minute late he will have to stay up and sit in a chair doing nothing for exactly 40 minutes.

Wrong Idea Of Punishment

However, many parents and teachers will use as punishment very things they want the child to like, as sending him to bed, making him learn a poem, prayer or selection from the Bible; or stay after school to study a lesson. Since teachers have so few means of effective punishment they often will do well to forbid the offending child from participating in the regular work with his classmates; and if retained after school, to make him just sit and do nothing.

NO TOURISTS IN WAR TIME

There's a great ship lying empty at an idle New York pier. And she should be filled with laughter at this lovely time of year.

Oh, she should be thronged with young folk sailing eastward on the sea. Bound for what was Merry England in the peace that used to be.

Time was her rails were crowded, going out or homeward bound. And her bands were always playing, but today there's not a sound. The guards are at her gangway and no friends approach the pier. And few trips are made to England through this sad and troubled year.

Grim and gray the great ship loiters and it's plain as plain can be. With war in sky and ocean she's afraid to put to sea. How long, how long, I wonder, will she fret at anchor chain? How long ere Merry England will be merry on again?

Daily Dozen

(From the Medical Society of the State of Pennsylvania)

"Do I Worry? You bet your life I do!" are words to a song. Many persons worry—and needlessly.

Everyone has uncomfortable situations to meet. Worrying only tends to make matters worse. Worrying reduces the power to cope with unhappy situations. Troubles are overcome by calm, clear thought.

Sane thinking, not worrying, points the way out of difficulties. Worry is imagination running riot on fears of disaster.

Idle persons have time to worry and fret and bite their nails. Busy people take little notice of threatening trifles.

Once we worry, resistance is lessened and worrying becomes chronic. It is really foolish to worry.

Answer: I surely think they deserve all the courtesy and consideration possible. I have often said that the chief factor in social finesse is the art of self restraint—especially in hiding one's personal dislikes for others. Let me overhear Mary respond to a verbal invitation from someone she particularly dislikes and I will tell you how many generations she is removed from the scullery. If there have been very few, her declination is brusque enough to wound whoever offers the hospitality. If she is to the manner as well as the manner's born, she will be as diplomatic to the despised one as she would be to a loved one.

Answer: Candlelight should not be used during breakfast or lunch, unless the light is absolutely necessary.

Question: When a death notice states that flowers are to be omitted, should one strictly adhere to it? If so, how may one show her sympathy?—Friend.

Answer: If you are a very dear friend of the deceased or his family, you are privileged to disregard such a notice, but if you are merely an acquaintance, in either a social or business way, you should respect the notice and refrain from sending flowers. In the case a note of condolence would be proper.

Blacklist Proves Ticklish Problem

Try To Keep It From Annoying Latins

Assistant Secretary Acheson Has Job

By CHARLES P. STEWART

Central Press Columnist

WASHINGTON, July 24.—As state departmental chief of Uncle Sam's campaign of economic warfare against the Axis countries, Assistant Secretary Dean Acheson has the bulk of responsibility for enforcing the presidentially proclaimed Yankee blacklist of Latin-American individuals, firms and corporations which, having German or Italian affiliations, are accused of keeping trade moving between the United States and the Nazis and Fascists, to their advantage.

The blacklist probably is or soon will be pretty effective.

Pan-American Cultural Co-ordinator Nelson A. Rockefeller's outfit is said to have compiled the list of about 2,000 suspected concerns, and its sources of information appear to be fairly reliable.

With the commerce department's co-operation, our export licensing system should shut off shipments to the suspects; even if there are Yankee houses that are willing to sell to 'em, they won't be able to get licenses to make deliveries. Besides, the blacklisted would-be buyers' funds in this country have been frozen.

The delicate part of Secretary Acheson's stunt is to make his blacklist stick without violently antagonizing our southern neighbors against Uncle Sam.

We don't mind hurting the feelings of some out-and-out German or Italian firm in such a city as Rio de Janeiro or Santiago or Buenos Aires. But even concerns of this sort are apt to have native friends in neighborhoods where, perhaps, they've been doing business for maybe a couple of generations.

How About These?

Furthermore, plenty of purely Latin-American houses (without a drop of Axis blood in them) have long traded, profitably to themselves, with German and Italian customers. Choking THEM off doesn't make for Pan-American solidarity.

The same difficulty presented itself during the last war. It wasn't so bad then, though, because we were making no particular bid for western hemispherical good neighborliness.

For quite awhile before our blacklist was proclaimed Cultural Co-ordinator Rockefeller toiled industriously to get our inter-American trade out of the hands of pro-Axis concerns in the southern republics, and INTO the hands of concerns that like us and the democracies generally.

Co-ordinator Rockefeller and Secretary Acheson still are pushing this program. That is, whenever and wherever a firm's blacklisted, some other friendlier firm is being urged by the first opportunity created by the firm's elimination. The theory is that the new firm, profiting by the rearrangement, will like us so much better that it'll offset the hostility of the one we've blacklisted.

It has been stated that about 1,000 of these readjustments were effected prior to the blacklist's publication. But there were 2,000 more that would agree, so they had to be blacklisted. If the scheme has a weakness, it is that it requires such an awful lot of Latin-American co-operation.

Will It Work?

The state department reckons that broadcasting the names of the blacklisted houses will have a mighty unfavorable publicity effect upon 'em—that it'll make Latin Americans hate them. That, of course, remains to be seen.

The department's impression, from advice it gets from its agents below the Rio Grande (oh yes, we have them as well as the Axis bunch), that the Latin Americans are dead willing to be defended from overseas. All they ask is, "Can we absolutely depend on Uncle Sam to defend us, not only himself, but all of us?"

Dictator Franco of Spain told them the other day, by radio, that Uncle Sam would be committing outright suicide if he butts into the war. What he needs is an answer from Washington—and in Spanish and Portuguese, which our neighbors will understand without any translating.

And there's one other thing we can do. It's called "persuasive buying."

The Latin Americans produce a tremendous amount of raw materials, that the Axis requires imperatively. They'd just as soon sell it to us as to the Axis. If we buy it, the Axis won't get it. It will be more than we've any use for, but buying it and dumping it down the sewer won't be any more expensive than war preparation. Additionally, we'll solidify Pan-America; we'll be such good customers.

"SMELLY" CHEESES

The gourmet who looks with relish on the greenish mould that covers a chunk of Roquefort cheese has been virtually alone in showering admiration upon his aromatic dish.

To others capable of such enthusiasm, venerable cheese has been a "killer." Now the scientists have come along to back the gourmet up in surprising fashion. That special strain of mold found on roquefort cheese—and also on bread—is showing itself to be the world's most powerful non-poisonous germ-killer. In clinical trials with human beings and in innumerable tests with animals, this chemical substance has revealed itself to be many times more potent than the celebrated drugs of the sulfanilamide family.

News of this new and deadly microbe fighter, which bears the name "Penicillin," came to light at the recent meeting of the American Society for Clinical Investigation which brought together hundreds of the leading physicians of Canada and the United States for an exchange of views and discussions of research work. Many members felt that "penicillin" would mark the beginning of a new chapter in the battle of science against bacterial infections caused by the rapacious strength of the new substance is such that it gave protection to animals subjected to enormous doses of deadly bacteria, even when administered in a solution of one to 500,000.

We know this remarkable discovery will hardly awaken a relish for "ripe" cheese among those who scorn it, but certainly it should lead scientists to look upon it with new respect. One day it may be their life-saver!

"Where the defense and strengthening of freedom requires that we act, let us act like Americans. Let us act like a people who have known what freedom means, who value it and are determined never to be deprived of it."

LITTLE ROCK, Ark.—Milo J. Warner, national commander of the American Legion, points out that if the United States government is in jeopardy then action must be taken immediately.

"If the danger is great, the time is very short. If the decision is to help Great Britain to win, even though it may mean war, let us make the decision now."

NEW YORK—Merle Oberon, British star, thinks Americans are the greatest sentimentalists in the world.

"Heaven knows, you only have to mention the word 'mother' in America and everyone bursts into tears. But I find it a most endearing quality."

BUFALO, N. Y.—Governor Herbert Lehman of New York urges government leaders not to neglect to provide every possible defense for "our people and our country."

"We may need to make great sacrifices of wealth and perhaps lives to assure that this great country of freedom, tolerance and opportunity may be preserved."

Candidates Pay \$800 To Enter Race In Mercer County

Over 540 Seek County And Minor Offices In Neighboring County

(Special To The News)
MERCER, July 25.—Names of 549 candidates who will seek party nominations at the primary election September 9 will appear on the ballots in Mercer county. It was announced today by the Mercer county registration commission at Mercer.

The commission continued its work of checking and filing the petitions, the number of which is not unusually large for a general election primary. Only the names of nine candidates for county offices will appear on ballots in every precinct, the remainder being the candidates for local offices. Dunham Barton, Arthur Collins, Frank A. McConnon and John N. Service are candidates for Republican nomination for the controller post, and Morris Huey is unopposed for the Democratic nomination.

Candidates paid approximately \$800 in filing fees, the largest fee being that assessed on petitions for county controller, which was \$25. Candidates for jury commissioner and paid city office nominations were required to pay \$10, borough and township petitions, \$2, and judges and inspectors of election, 50 cents.

Very few petitions have been rejected because of irregularities, most of which were improper signatures. In all cases where a petition was questioned candidates were given the "benefit of the doubt," commission clerks said. The petition of one Grove City candidate was rejected because it was postmarked July 22, one day after the deadline for filing. The filing fee, in check form, also was dated July 22.

Deny Charges Of Sabotage In Fire At Philadelphia

(International News Service)
PHILADELPHIA, July 25.—Philadelphia officials today branded as untrue the charge made on the floor of the U. S. senate that the \$1,000,000 fire at the Lear Lumberyard in Philadelphia last May 15th was the result of sabotage.

Challenging the report presented to the senate by Sen. David L. Walsh, chairman of the naval affairs committee, Coroner Charles H. Hersch said:

"I would like to know what evidence the navy has. I still believe the fire was caused accidentally."

First Marshal Jacob Clinton said:

"I suggest that Secretary Knox read the reports as submitted by investigators to the Philadelphia Department of Public Safety."

FBI agents, coroner and police investigators agreed the fire started when Michael Regan, 72, night watchman, suffered a heart attack and dropped his lantern, the coroner asserted. Regan's body was found in the ruins of the lumber yard, located near Cramp's shipyard where six navy cruisers are being built.

More than 3,000 C. P. T. P. graduates have been accepted by the army and navy air forces and are now undergoing advanced training in military flying—22 per cent, in fact.

Student Nurse Applicants Are Being Received

New Castle Hospital Director
Of Nurses Announces Fall
Class For September 1

Sister Aniceta, director of nurses, at the New Castle hospital, announced today that 20 applicants for the fall class of student nurses have been accepted, and will enter the school on September 1.

Due to summer vacations, no regular faculty meetings have been held, but a meeting will take place on August 1, at which time the faculty will vote on promotions of students from the first and second years, and students from the second and third year.

At the present time, the faculty has been planning for the graduating exercises, and all arrangements are fairly underway for graduation on October 2. Further plans will also be made.

EXECUTIVES MEET

W. C. T. U. executives met in the Y. W. C. A. Friday afternoon. Mrs. C. N. Moore presided at this meeting in the absence of the president, Mrs. W. G. Wilkins, who has been called to Harrisburg to the state executives meeting. Mrs. T. A. Preston led in prayer.

A letter from the state president, Mrs. Ella B. Black, was read, urging all unions to give by August 1 what they can to the national education fund.

The Y. W. C. regional conference is to be held in this city on August 21.

SCOTLAND UNION

Members of the Scotland Lane W. C. T. U. will gather in the home of Mrs. Bert Coates on the New Bedford road next Monday for their institute, and dinner will be served at noon.

PROFESSOR SCOFFS AT 'BUTTONHOLE' SURGERY OF PAST

(International News Service)
DENVER—"Buttonhole" surgery, a practice in which surgeons attempted to keep an incision as small as possible while operating, has fallen into disrepute in the profession, it was asserted by Dr. Max Thorek, professor at the Cook County Hospital in Chicago.

Dr. Thorek, who addressed the Colorado Guild of the International College of Surgeons in Denver, said: "Some years ago, surgery had a legion of buttonhole makers—and I was a legionary. We used to vie with one another to see how small we could keep an incision and still remove what we set out to remove."

"An incision that was larger than a buttonhole was considered the work of an amateur. Removing an appendix through such an incision may have been a neat mechanical trick, but it was not good surgery. Today, we realize that the first requisite for surgery is room in which to work, and a surgeon's skill is no longer judged by the smallness of his incisions."

MOUNTAIN TOWN
IS FOUND TO BE
STEADILY SLIDING

CANON CITY, Colo.—Canon City is slipping.

That is not a reflection on its character, but an actual fact. This mountain town is sliding gradually to the south and east—directly toward the Arkansas River. At least that is the finding of Water Commissioner Fred Brackney and of Acting Manager Smith Bedell of the Canon Gas Company.

There is no need for this generation — or even this generation's grandchildren — to worry. They'll be long dead before any great concern need be shown, Bedell and Brackney said.

But the movement is there just the same. They know because of the damage done to the water and gas mains. Both the water department and gas company have had to protect their pipes by installing expansion joints.

See the handsome, masterful, dominating go-getter? He is working for the bald little squirt over there.

Much Propaganda In Increased Living Cost Declares Roger Babson

By ROGER W. BABSON
(Copyright—1941—Publishers Financial Bureau, Inc.)
BABSON PARK, Mass., July 25.—We hear much talk about the increased cost of living. Thus far this is largely propaganda issued by labor leaders and men in Washington anxious to get more authority and create more government jobs. As Al Smith used to say: "Let's look at the record." Here are the official figures. The U. S. index is R. W. BABSON based on the 1935-1939 average as equal to 100.

Year	U. S. A.	Canada
1926	126.3	121.8
1927	124.7	119.9
1928	122.3	120.5
1929	122.5	121.7
1926-29 Aver.	123.9	121.0
(July, 1941, living costs are still 10% below June, 1929, costs while wages are 10% higher.)		
August, 1939	99.5	100.8
April, 1941	102.2	108.6
July 15, 1941	105.0 Est.	111.0 Est.

This table shows that although there has been an increase in Canadian prices of about 10% since the war began, there has been an increase in U. S. prices of only about 5%. This increase has been almost wholly in cities. Agricultural communities, in which 60% of our people live, have seen no average increase. In fact, the only portions really suffering are the defense areas and their increases have been more than offset by wage increases. A study of the Canadian figures also shows that in Canada there has recently been a decided slowing down in the rate of increase. It is very probable that the rise in U. S. prices will, likewise, slow down after the present excitement is over and farm prices reach parity.

What About Rents?
The cost of building has gone up 9% over a year ago; but 70% of this increase went to labor and

taxes, not to material costs. This means that—with the exception of the defense areas where rents will be pegged—there will be rent increases. Most landlords during the past ten years have barely got enough rent to pay taxes, insurance and repairs, leaving almost nothing for interest or for themselves. They are entitled to a "break."

There also will be increases in metal goods, including toys for the children as well as automobiles, both new and used cars. Clothing will increase some until the prices of cotton and wool reach parity. But these increases are not due to the war, nor to the manufacturers. These increases are due to artificially-controlled prices for cotton and other agricultural products forced upon us by southern and western politicians. This is not saying that the cotton, wool, grain and fruit growers are not entitled to more than they have been getting;—but let us not blame the war or inflation for such increases. The 8% rise in food prices, the 1% rise in clothing, and the 5% rise in coal this July compared with July, 1940, are due to politics.

Use Sense Buying
The honest answer to this entire cost of living question is this:—If we insist upon having the same things in the same amounts as before September, 1939, then our cost of living will go up considerably. If, however, we will be satisfied with certain substitutes which are nearly as good

and perhaps healthier and will cut our waste, we have nothing yet to fear. Of course, in saying this I assume our politicians will not foolishly start to print fake money. I also assume installment buying is to be curbed. The present figure of \$5,000,000,000 tied up in installment credit is too high.

During World War I, the women of my family spent more time darning socks and mending clothes and less time playing bridge. We had more pot roasts and fewer sirloin steaks. I cut out golf and had a good vegetable garden for exercise instead. We saved on gasoline and waited until after war prices became normal again before buying a new car and fur coat. My wife threw less in the garbage pail. Our total expenditures, however, did not go up and we were happier and healthier than ever before. Pepper and spices will soar in price; but why use them?

Don't Forget Surpluses
Latest reports are that U. S. wheat and corn crops for 1941 will exceed by 100,000,000 bushels the crops for 1940 and that Canada will, likewise, raise more wheat and other cereals. These big crops will further add to the large surpluses now in storage. The same reasoning applies to most manufactured articles not containing rubber, metals, and certain textiles. Thirty per cent of the items in the forthcoming catalogs of the big mail order houses will show no price increases;

while the total average increase will not exceed 5%.

We shall have gradual inflation. Prices will go up, but this does not necessarily mean that the cost of living need go up. Although the paper-money prices during the German inflation were terribly high there was very little increase in living costs for the mass of German workers. Potatoes were "priced" 50 million marks per bushel, yet every farmer was glad to give a bushel to any hungry man for a good day's work. It was the retired city people who had their money in banks and bonds—rather than in farms and

good common stocks—who suffered

Where The Shoe Will Pinch

However, look for real growing pains in the defense effort. Controls will soon begin to grip. Expect virtual elimination of civilian uses for many non-essentials. Supplies of luxuries will shorten, merchants will be unable to re-stock. Rail priorities will be enforced, when necessary, by the ICC. Electric power and gasoline will be rationed in some areas. There will be further demands for simplification and standardization of consumer items. Baruch was planning in 1918 to require that styles be eliminated, but even this need not

increase the honest cost of living which is very different from the habits of living.

ARTISTS IN FESTIVAL

(International News Service)
MIDDLEBURY, Vt.—The Green Mountain Festival of Arts, which will be staged late this month, will be represented in the art exhibition by 132 Vermont artists. Of this group, 44 were born in Vermont, while the others have moved to the Green Mountain state, either to spend their summer in search of subject matter, or to make it their permanent home.

PAINTER KILLED

BY LIVE WIRE

YOUNGSTOWN, Ohio, July 25.—Gail N. Bower, 21, of Akron, was killed here when he touched a 22,000-volt line while painting a high-tension line tower near the Girard end of the Youngstown Sheet & Tube Co.'s Briar Hill plant. Bower, who fell 110 feet to the ground, was an employee of the Gangl Engineering Co. of Akron. The body will be taken to Spencer, W. Va., tomorrow for burial. The hunting preserve of one red ant colony may cover 17 acres.

SEVENTH WARD NEWS

Plan To Resume Services Sunday At Church Here
Rev. D. J. Blasdel To Conduct Short Unified Type Service Sunday Morning

Services will be resumed at the Mahoning Methodist church on Sunday morning, according to an announcement made today by Rev. D. J. Blasdel, pastor.
According to Mr. Blasdel, who just returned from his vacation, the unified plan of service will be followed with Sunday school beginning at 9:45 o'clock and the worship service at 10:45 o'clock. The entire service will be finished about 11:30 o'clock.
In the evening, the Mahoning Methodist church will join with other churches in the unified Sunday evening service at the Madison Avenue Christian church, at which time Rev. John E. Myers, Jr., will speak.

PAINTING WORK IS UNDERWAY AT CHURCH
A crew of painters were busy on Thursday, painting the Mahoning Methodist church.
The painters were painting the tin work a dark brown and the woodwork on the interior of the building a light gray color.

Former Resident Dies In Akron, O.
Mrs. Emma Vorous Borland, Former Ward Resident, To Be Buried Saturday

Word has been received in this city of the death of Mrs. Emma Vorous Borland, aged 88, who passed away at her home in Akron, O., after a four months illness.
Mrs. Borland was born in Mercer county and spent most of her life there. She has a number of relatives and friends in this city, having lived in the Seventh Ward before going to Akron about 15 years ago. A faithful Christian, Mrs. Borland was a member of the United Brethren church of Akron.
She leaves one son, Orel V. Borland.
Funeral services will be conducted at 3 o'clock Saturday afternoon in the Deer Creek church, Mercer county. Interment will be made in the church cemetery.

HOLE IN STREET.
There is a bad hole in the surface of the street in front of 110 North Liberty street, that is in need of attention. An opening was made here sometime ago and the repaired surface has since sunk, causing the hole.

BUILD NICE WALL.
Workmen have almost completed the work on a nice buff brick wall in front of the properties at 508, 510 and 512 West Madison avenue.

Progressive Club Will Have Outing

Third Annual Wiener Roast To Be Held By Group Tuesday, At Rambler's Rest

Members of the Progressive club of the Seventh Ward, and their friends will hold the third annual outing event in the form of a wiener roast, on Tuesday, July 29, at Rambler's Rest.

All final plans have been made and according to reports received approximately 60 or 70 persons will attend.
Glen G. Pelosi, is chairman of the event, and he will be assisted by Nick Calvanese, Edith Lombardi, and Patsy Donofrio.

SENTINEL CLASS AT JONES' HOME

Miss Myrtice Jones entertained members of the Sentinel Bible class of the Madison Avenue Christian church in her Sunnyside home Thursday evening.
Election of officers was held with the following results: President, Ann Evans, and secretary-treasurer, Betty Marshall.
Special guests included: Rev. James E. Smith, Arthur Hunt and Robert Park. A delicious luncheon was served by the hostess, aided by Mrs. E. M. Jones and Delphine Jones.

YOUTH INJURED AS AUTO LEAVES ROAD

Everett Allen, aged 15 years of R. F. D. No. 2, Pulaski, is in the Jameson Memorial hospital, suffering from injuries sustained when an automobile driven by Joseph Schmidt of R. F. D. No. 1, West Middlesex, went over an embankment and overturned on the Mt. Jackson road early this morning. Allen was brought to the hospital at 2 o'clock. He suffered bruises and lacerations, and had a fair night, the hospital stated.

GROUP LEAVES FOR WASHINGTON TRIP

Leaving the Seventh Ward this morning, a group from the Sentinel Bible class of the Madison Avenue Christian church are en route to Washington, D. C., for a vacation trip.
Those in the party include: Walter Evans, Ann Evans, Mary and Ruth Ringer, Audriene Gribble, Shirley Gilmore and Betty Marshall. The group will visit the places of interest in and about Washington before returning home on Monday.

MISSION CONDUCTS SERVICE IN STREET

Members of the City Rescue Mission, under the leadership of Rev. Archie Gibson, conducted an open-air evangelistic meeting on Wabash avenue at the intersection of North Liberty street Thursday evening.
The program consisted of vocal and instrumental music and Mr. Gibson delivered an interesting message.

LARGE CROWD SEES DRAFTES DEPART

Quite a large crowd was present at the B. & O. depot, Thursday morning to say goodbye to their friends and relatives, who were drafted to serve in the U. S. Army.
Many residents of the seventh ward district were present, inasmuch as several draftees were from the ward.

INCREASED EMPLOYMENT.
There has been a sharp increase in railroad employment in the district during the past few months, and many local young men have secured positions as firemen and brakemen for the district railroads.

FIRE ALONG TRACKS.
Railroad workmen burned quite a number of old ties and rubbish along the railroad tracks near the end of West Madison avenue Thursday afternoon.

KENNETH EVANS HAS RETURNED TO ARMY

Kenneth Evans has returned to his duties with the United States Army after visiting at the home of his parents on North Liberty street.
Private Evans is stationed with the 57th Coast Artillery Corps at Camp Pendleton, Virginia Beach, Va.

ALUMINUM ON PORCHES.

Canvassers for the aluminum articles on Thursday afternoon found quite a number of articles on the front steps of Seventh ward homes. A tour of the streets before the collection was started revealed the fact that many people are cooperating in this national defense effort.

FINISH REMODELING.

Remodeling work on the building at 8 East Cherry street has been completed, and the house is now ready for occupancy.
Residents at 202 West Madison avenue have a nice porch box filled with blooming petunias in many colors.

STREET REPAIRED.

A opening that was made recently in front of 515 Newell avenue, has been filled in and repaired, it was learned today.

PICNIC TONIGHT

Members of the Loyal Workers class of the Madison Avenue Christian church will have their annual picnic tonight at a park along the Slippery Rock creek.

MANY IN PARK

Many residents of the Seventh Ward took refuge from the heat and closeness of the weather Thursday night in the Liberty street park, corner of Darlington avenue and North Liberty street.

SEVENTH WARD PERSONALS.

Mrs. William King and daughters Lillian and Vivian, and son William Jr., of 519 North Cedar street, have returned from a vacation trip to St. Louis, Mo.
Mrs. Mike Agostinelli, of 22 Ashland avenue, has returned home from New York City, where she visited relatives.
Mrs. Carl Belles, Houston, Texas, is visiting at the home of Mr. and Mrs. R. E. O'Donnell, 708 Ashland avenue.
Mrs. Jessie Wilson of Pittsburgh is spending the week at the home of Mrs. C. H. Clark, North Cedar street.
Mrs. Adda Robinson, North Cedar street, is spending the week with her daughter, Mrs. Blanche Dick, in Philadelphia.

If large stalks of roses (and delphiniums also) are cut back, the hollow center of each stalk should be filled with grafting wax to exclude carpenter bees.

The first known importation of bananas into the United States was in the late 60's, when they were brought to New Orleans from the Bay island off Spanish Honduras.

Texas longhorn cattle are said to be descendants of the Andalusian cattle brought to America by the Spanish explorers and conquerors.

afternoon.

Chat and games were the pas-
times and Mrs. Howard Duncan as-
sisted the hostess in serving delicious
refreshments.

FAMILIES GUESTS AT A. C. T. CLASS PICNIC

Members of the A. C. T. class, of
the First Christian church, and
their families gathered in the home
of Mrs. Roy Brownlee on the
Youngstown road, Thursday eve-
ning, for a tureen dinner, with Mrs.
Clyde McClung sharing as co-hos-
tess.

After a tasty menu was served at
6 o'clock by the hostesses assisted
by Janet McClung, hours were spent
informally.

Mrs. B. F. Butler will entertain
the class in her summer home on
the Slippery Rock Creek for their
next meeting with the date to be
announced.

WIN GOLF EVENT AT CASTLE HILLS

Mrs. Norman Richel and Jean
Webster were winners of the putting
contest, the special event for ladies
day at Castle Hills golf course on
Thursday. The committee in charge
of golf included Mrs. Roy Webster
and Mrs. Charles Ward.

Luncheon was served at noon in
the clubhouse with Mrs. Alma Wil-
liams and Mrs. Lorraine Young acting
as hostesses.

Next Thursday another special
event is planned with Mrs. Williams
and Mrs. Young in charge of golf.

Hostesses will be Mrs. David Aston
and Mrs. Arthur Barnett.

Mesecall Club
Members of the Mesecall club gathered
in the home of Mrs. Anthony
Cioffi on Court street Thursday eve-
ning for their bi-weekly game of
cards.

Mrs. Anthony Marso and Mrs.

token, and at a late hour a tasty re-
past was served by the hostess aided
by Mary Pacelli and Anna Stoffie.

On August 7, Lena Oliphant will
receive the club in her home on
Reynolds street.

Q. A. C. Club
Mrs. John W. Logue and Mrs.
Kathryn Flynn were high score
winners in cards when members of
the Q. A. C. club met Thursday
evening in the home of Mrs. William
Murphy on Park avenue.

Late in the evening a tasty re-
past was served by the hostess aided
by Mrs. Charles Mee, and the group
was invited to be guests of Mrs.
Frank Borio in her home on Moore
avenue on August 7.

Loyal Leaders Class
Members of the Loyal Leaders
class of the First Christian church
gathered in the home of Mrs. Flo-
sie Andrews at Mt. Jackson Thurs-
day evening.

Hours were spent informally, and
the hostess was assisted in serving
a delicious lunch by Mrs. Claude
Patton and Mrs. George Glass.

The group will have a breakfast
at Cascade park with the date to
be announced.

Defense Bill Reaches Fifty-Two Billions

By GRIFFING BANCROFT
International News Service Staff Correspondent

WASHINGTON, July 25.—The United States has now spent or committed itself to spend a total of \$52,000,000,000 in its defense and aid-to-democracies program, Rep. Woodrum (D-Va.) told the house today, warning that "there may be more to come."

Woodrum, appropriations subcommittee chairman, made the statement in urging speedy passage of a new \$8,063,238,478 defense bill providing funds for almost 900 additional merchant ships to relieve a "serious" shipping bottleneck.

The bill was approved by the appropriations committee this morning after maritime officials testified secretly that 100 American ships have been or shortly will be withdrawn from domestic service for use in the dangerous Red Sea trade, and that 230,000 tons of shipping have been transferred to the lease-lend traffic in the North Atlantic. The house went to work on the huge bill immediately after it was reported, as members predicted passage with little opposition by nightfall.

The Virginia member, formerly a staunch economy advocate, opened the drive for the bill by declaring it is necessary to carry on the program at the present rate. "We have spent or committed ourselves to spend \$52,000,000,000," Woodrum said. "This will give us a standing army of 1,727,000 men, critical items for 3,000,000 men and will complete the two-ocean navy program. This is our present program but it may be changed and there may be more to come."

What the speaker resents is not being reformed, but being reformed by people not as decent as he is.

Blame Engine Trouble For Crash Of Bomber In Ohio

Two Pilots Are Killed In Wreck

Plane En Route To Montreal, Canada, Falls Near Cardington, Ohio

PLANE MADE STOP AT DAYTON AIRPORT

(International News Service) CARDINGTON, O., July 25.—A dozen eye-witnesses today blamed engine trouble for the crash of a big Lockheed Hudson bomber in a nearby cornfield, killing the two pilots who were ferrying the \$150,000 ship to Canada for the R.A.F.

Meanwhile, army officers and federal agents poked cautiously in the scorched and twisted wreckage for some further clue and to reassure themselves that only two men died in the crash.

The plane left Wright field at Dayton, O., yesterday afternoon. Less than an hour later it plunged its engines nearly five feet into the earth only 100 miles away and shot a wall of flame 100 feet into the air as its fuel tanks exploded. The bomber apparently was in good mechanical condition when it left Dayton.

The pilots were tentatively identified as First Lieut. R. F. Rush and Second Lieut. N. L. Warner, U. S. army air corps officers.

The plane, according to Wright field officials, was en route to Montreal, Canada. Rush and Warner, these same officials said, formerly were stationed at Tuscon, Ariz., but were recently transferred to the "ferry command."

The first airplane that Orville and Wilbur Wright sold to the U. S. Army weighed 800 pounds, possessed a 25-horsepower motor, capable of a speed of 35 miles an hour, with a flying range of 125 miles, and was able to stay up for an hour.

"We must get at the bottom of this thing," said the congressman, as he looked at the taxpayer's pocket.

Governor Takes Action On Bills

One Milk Control Bill Is Approved—Third Class City Bridge Bill Is Vetoed

(International News Service) HARRISBURG, July 25.—The Haberman milk bill giving the Milk Control commission jurisdiction over milk sold under consignment contracts was signed Thursday by Gov. Arthur H. James.

The measure is designed to plug a loophole in the milk laws which enable dealers to escape the commission's regulations by purchasing milk from the producers on a consignment basis.

At the same time, Governor James vetoed a bill permitting the State Highways department to assume the maintenance of 240 bridges in 46 third class cities and in Scranton.

In a statement accompanying the veto, the governor explained that approximately 3800 bridges of the 18,000 structures on Pennsylvania's highway system were "not adequate for maximum sizes and weights of motor vehicles permitted by law."

He added that "most of these bridges are now maintained by the counties which can continue to maintain them without serious hardship from the liquid fuels tax

funds received from the commonwealth."

Governor James also signed other bills authorizing the creation of a highway traffic advisory committee to cooperate with the war department; two bills permitting clubs that sell liquor and beer to exempt soldier-members from paying annual dues; another providing for the refund of taxes on beer sold at soldiers' or sailors' canteens; and a bill exempting cleaning concerns using a "petroleum solvent having a flash point of 140 degrees Fahrenheit" from the state's dry cleaning regulations.

First Baptists Picnicking Today

This afternoon, the First Baptists will be at Cascade Park to enjoy their annual picnic. They have been hoping for good weather for this event, and they are sure getting it, an ideal day for a picnic.

A large number have registered their intention of attending.

This year, supper at 6, in the grove, will be provided for all. There will be no need for mother to labor in the kitchen preparing things to eat, and loading them into baskets, to be "lugged" out to the park. Superintendent Weller says, "the only thing necessary is for folks to bring their appetite and table service."

Sports and games will begin at 4, and a snappy entertainment at Community Hall, at 8:30.

Dear Brother Lion:

July 26

The meeting next Tuesday will be for business only. All committee chairmen, recently appointed, will be asked for reports. If your committee hasn't met as yet, you will be asked to tell the club what is required of your committee.

Please do not bring guests to this meeting.

Very truly yours,
THOMAS I. ELLIOTT,
Secretary.

Townsend Asks For Changes In U. S. Pension Plan

(International News Service)

WASHINGTON, July 25.—Dr. Francis E. Townsend, veteran head of the original old age pension program, on Thursday asked congress to discard the "iniquitous provisions" of the social security program and enact legislation for a pension plan based on the proportion of need.

"The establishment of an adequate system of social dividends is a fundamental step in establishment of an economy of abundance through the supplying of adequate

purchasing power to gear our economic machine into total production," Townsend told a special senate committee investigating pensions, headed by Sen. Downey (D., Cal.).

"It should not be difficult to enact a law that will be simple, easily understood, just and beneficial to the entire citizenry and not merely to those in more fortunate financial circumstances."

QUEEN ELIZABETH HAS LEARNED TO SHOOT WITH RIFLE

(International News Service) LONDON—Queen Elizabeth of England has learned to shoot both with rifle and revolver, it was disclosed today. She is good with either weapon, but like most women shots is better with the rifle.

her, and she practiced daily on the miniature range used by the Home Guard at Buckingham Palace. She used ordinary British army weapons—a .303 rifle with a tube to take smaller ammunition and the .38

revolver of the type issued to British army officers.

Her sister-in-law, the Duchess of Kent, has also been taking lessons and has become an expert revolver shot.

To Extend Plans For Civilian Aid

Collection Of Aluminum
Only Marks Start Of
Defense Program

ZINC AND COPPER
MAY BE COLLECTED

By MAX FORESTER
International News Service Staff
Correspondent

NEW YORK, July 25.—The soliciting of U. S. housewives to donate their aluminum pots and pans to the office of civilian defense this week gives the civilian population the first opportunity to participate directly in the nation's defense effort.

Meanwhile, both the O. C. D. and Paul V. McNutt, co-ordinator of health, welfare and related activities, are devising other ways in which civilians may contribute.

When the aluminum collection is completed, and O. C. D. official said today, similar drives may be instituted to replenish the nation's meager supplies of zinc and copper.

Moreover, these drives are only a small part of the activities contemplated, once the O. C. D. is fully under way.

Most of the diverse measures that warring nations have undertaken to protect life and property during air raids and invasions will fall under its aegis, including the provision of adequate air raid warning systems, shelters, fire, police and relief facilities.

To carry out this work the O. C. D. will enlist civilian aid through state and local defense councils.

The O. C. D. has only recently begun preliminary work which must precede the undertaking of so broad a job. Meanwhile, another government program calling for civilian support and co-operation is getting under way.

Better Nutrition Program

It is the government's better nutrition program, headed by Paul V. McNutt, the designed to improve the nation's diet.

The latter drive is based on the premise that everyone in the nation must be physically fit before

he can serve the defense effort effectively in any capacity.

Main aim of the campaign is to see to it that the 45,000,000 consumers who, McNutt estimates, aren't getting enough to eat, are supplied with adequate diets, and that all consumers make intelligent use of available foodstuffs.

The program emphasizes the need for extending the food stamp plan and the Department of Agriculture's school lunch program with special regard for adequate provision of vitamins, minerals, carbohydrates and fats.

For example, to be adequately nourished, according to McNutt, a grown man should consume each day at least 5,000 international units of vitamin A, 1.8 milligrams of vitamin B1, 75 milligrams of vitamin C, 2.7 milligrams of riboflavin and 18 milligrams of nicotinic acid.

To teach housewives what foods contain what vitamins, and how to prepare foods without losing their vitamin content, Co-ordinator McNutt is conducting an educational campaign through state nutrition committees, agricultural extension workers and others.

He also has secured the co-operation of food manufacturers in the restoration of important vitamins and minerals to foods in whose processing these elements have been formerly removed.

One result has been that the nation's bakers have started to produce white bread, "enriched" with vitamins and minerals. A third of the total U. S. production of bread now is being so fortified, at no ex-

tra cost to consumers, a representative of the baking industry revealed today.

HARLANSBURG

YOUNG LADIES MEET

About twenty members of the World Wide guild were pleasantly entertained by Mrs. Gladys Heckathorn at her home, Thursday evening, July 17.

After the devotionals the business was conducted by the new president and the remaining hours were

spent in sewing for the Navajo Indians where Malinda Walker is missionary. A picnic was discussed.

The next meeting is to be held on Thursday, August 21.

Mrs. Emma Mallinak and Mrs. Norma Livingston were appointed on the sewing committee.

After repeating the pledge all enjoyed the dainty lunch served by the hostess and her assistant, Lucila Moorhead.

CONFERENCE

The second meeting of the season of the Young Peoples conference of the Zion, Mt. Zion, Harmony and Harlanburg Baptist churches will be held Sunday afternoon and eve-

ning at the Mt. Zion church on July 27.

HARLANSBURG NOTES

Mr. and Mrs. Thomas West Jr. and daughter, Coral, were Saturday dinner guests of Mr. and Mrs. Wilbur Macom and family of Glassport.

MORE FRUIT FOR U. S.
(International News Service)
BERKELEY, Calif. — Increased production and probability that exports to Europe will continue to be small mean that the United States probably will consume increasingly large amounts of fruit during the

next few years. According to Dr. S. W. Shear of the Giannini Foundation of Agricultural Economics, fruit production in the United States during 1934-38 was 40 per cent higher in average than 1919-23. Citrus fruits represented most of the increase, he said.

Do It Better and the World Is Yours

We confess that we know more about the drug business than anything else. Our greatest endeavors and interests in this pharmacy are directed along one line — PRESCRIPTION COMPOUNDING. We have concentrated our thoughts, our studies, our energy—all on the one idea of compounding prescriptions in the most efficient manner.

Practice makes perfect. The pharmacist who has filled 25,000 prescriptions is better qualified than one who has dispensed only 1,000. What seems difficult to the novice is comparatively easy for the expert. When the expert compounds a prescription, he is applying the knowledge of years to a task that requires, perhaps, a few minutes to execute.

And what little difference the extra cost of employing an expert really is, especially when it goes into the important work of compounding prescriptions.

It wasn't sabotage in the kitchen of the county jail. It was just gas but for a moment Deputy Sheriff Paul A. Stark thought the bombing had started.

The cooks had started the gas stoves for the morning meal and by accident turned on the gas in the oven. Mrs. M. M. Ingham, wife of the sheriff noticed fumes coming upstairs to the sheriff's apartment and she called down to Mr. Stark to start the fan which carries fumes out.

As Stark passed the oven it decided to let go at just that moment and did. He had some hair singed and was startled for a moment but beyond that there was no damage done.

Miss Katherine Dickson of the Register and Recorder's office is back from a week's vacation in Philadelphia.

Taxes are rolling in to the county treasurer's office. The past few days has seen a line at the window most of the time and apparently a lot of taxpayers are trying to get in while the discount is on.

Mercantile taxes are slow and from the appearance, there will be a lot of suits filed against merchants before long. In many cases the tax is a small amount but the costs in the alderman's offices will add much to it.

WITH THE NEW HAMMOND Solovox

You play the melody on the Solovox with your right hand while you play piano with the left. You add beautiful, sustained tones—effects of trumpet, violin, saxophone, 'cello—to your piano accompaniment!

And the Solovox is easy to play! Even a child can use it! It can be attached to any piano. It does not interfere with the normal use or with the tone of the piano.

Let us demonstrate this newest achievement by the makers of the Hammond Organ and the Hammond Novachord.

Hears From Son Down In Bolivia

Rev. Wm. Hammond Reports Visit Of American Plane To His Locality

In a letter received by Mrs. Mary Hammond, 205 North Mercer street, from her son, Rev. William Hammond of Bolivia, he recites an interesting experience.

While in the small town of San Ignacio, he heard the roar of a large plane. It soon flew low, and he was thrilled to see the United States colors. The occupants called to him in English, asking for location; when told they were at St. Ignacio, Bolivia, they said they were coming down to see them. Bill hurried to the home of a young Jewish refugee doctor, and together they dashed to the flying field, about 600 yards away. A short but difficult trip through rough country. Arriving, they met the entire crew, and enjoyed chatting with them, and were shown all over the plane. Some gifts were given to Rev. Hammond to take back to his family.

The occupants of the plane were making an inspection tour of Bolivia and represented the Panagra Airways company of the United States. Rev. Hammond has been a missionary in Bolivia for about six years and receives much support from the First Baptist church, this city, of which he is a member.

pany proposals to union demands for wage adjustments, an increase in helpers and improved working conditions.

Work was resumed with the eight o'clock shift this morning, but no statement was issued either by the union or the company on the terms which ended the walkout.

Bankok Declares Thailand Neutral

(International News Service) BANGKOK, Thailand, July 25.—Thailand authorities states today that this government is determined to maintain and if need be defend its neutrality and independence in the gathering far eastern crisis.

They said this attitude would hold good no matter what developed in the Orient or on Thailand's borders.

(A semi-official declaration is—

sued at Batavia said the Netherlands East Indies government was closely watching the situation and remained ready to take any action necessary to defend its independence and fulfill its obligations.)

Pennsy Operating Income Increases

(International News Service) PHILADELPHIA, July 25.—The Pennsylvania railroad today reported June net operating income of \$10,051,057, compared with \$7,211,793 for the same month a year ago. Net income for the first half of 1941 totaled \$42,471,878 compared with \$36,305,465 for the same period of 1940.

Hospital Society Selects New Name

Will Be Known As Lebe Wohl Society Of New Castle Hospital School Of Nursing

Members of the Students' Society of the New Castle Hospital School of Nursing held their final meeting of the season, Thursday afternoon at 3 o'clock, in the nurses home.

At this meeting, the final voting for the Society's name took place, and the name selected is "Lebe Wohl," which means "to live well." Blue and white were chosen as the

school colors and the motto, "Fidelity to Duty."

Officers of the organization, who are graduating this year and will have to be replaced are: president Eileen McPeak; vice-president, Dorothy Zimmerman; Teresa Cosgrove, senior class representative; Gertrude Crabbe, chairman of committee of scholastic activities.

The society also voted to send Martha Acker to the Catholic Action Summer Session, which is to be held at the William Penn hotel, Pittsburgh, August 4 to 9. A chairman was appointed to carry over the business of the society until its first meeting in September who is, Sabina Shoup.

Tentative arrangements are being made by the first and second year students, to entertain the graduating class in the near future.

Of interest to the student nurses

is the fact that the nurses' home is being beautified, and the students bedrooms are being painted in beautiful pastel shades. In addition to this, a great number of reference books and volumes have been added to the students' library, and additional equipment has been placed in the chemistry laboratory. All this should be conducive to a steady advancement in nursing education in this institution.

Second U. P. Church Picnic Thursday

There was a good attendance at the annual picnic held in Cascade Park on Thursday for members of the Second U. P. church. The Sabbath school had charge of arrangements for the event with M. E. Al-

exander acting as general chairman.

A sumptuous picnic dinner was served in the grove at 6:30 o'clock. Following a sports program was enjoyed with events having been arranged for everyone from the beginners department to the men's and ladies' classes.

They will visit friends in Santa Fe, N. M., while in Tucson, Ariz., they will visit Mrs. Irvine's brother, C. K. Cooper, in the southwest.

Probe Auto Crash Near Leesburg

MERCER, Pa., July 25.—A coroner's inquest into the death of Connie Prestandrea, 6, of No. 2 Mine, was held in the court house at Mercer. She was killed in an automobile accident last July 13 at an

intersection of the Mercer-Slippery Rock and Grove City-Leesburg roads at Leesburg.

Joseph P. Patterson, Beaver Falls, and Joseph Prestandrea, No. 2 Mine, were the drivers of the two machines and both were recommended to be held for grand jury investigation.

Prestandrea operated the machine

in which his daughter was killed. There were eleven occupants of his car. Witnesses testified that Patterson failed to observe a stop sign at the intersection.

LINENS!

Snowy-white for Beauty...
Sanitary for Protection!

THERE'S an important difference between a Clorox-clean wash and one that's merely visibly clean. Clorox not only makes white cottons and linens a beautiful WHITE-white (brightens fast colors), and removes numerous stains... it disinfects with intensified efficiency, assuring added protection against infection dangers. Use Clorox as a regular health habit in your laundering... in kitchen and bathroom cleansing, too. Directions on label.

German Quarters Criticize Action By United States

Japan Notifies German Gov-
ernment Of Collaboration
With Vichy Regime

(BULLETIN)
(International News Service)
BERLIN, July 25—Japan notified the German government today that all necessary measures will be taken in collaboration with French Indo-China and the Vichy regime to counteract any British aggression in the Far East.

Authentic German quarters, discussing the Japanese occupation of Indo-China, criticized the United States for alleged interference in the eastern hemisphere. President Roosevelt and Acting Secretary of State Sumner Welles were jointly accused of "chasing the war around the world."

French sources in Vichy regard the statement as of "decisive importance," the message said.

"In view of the British threat to Thailand further Japanese actions are expected shortly," according to the radio.

Toyoda, according to the message, said that Indo-China as well as Thailand, both having recognized Japan's leadership in the Far East "must together with Japan take counter-measures against Anglo-Chinese encirclement."

HUGE QUANTITY
OF ALUMINUM
COLLECTED HERE

(Continued From Page One)

a display case of almost everything ever made with aluminum. Coffee pots, percolators, tea pots, sauce pans, roasters, thermos jugs, pie pans, parts of washing machines, automobiles, radios, skillets, ice cube trays, salt and pepper shakers, carpet sweepers, water buckets, dish pans, refrigerator coils, cookers, old army canteens, strainers—the list goes on and on. And as the stuff came into the Public Square it was unloaded from the trucks and tossed into the bin by veterans of the World War.

Surpassed Expectations
Based on the request of the government, the collection Thursday surpassed every expectation. Confidentially, it didn't surprise us a lick, for it was a case of where Uncle Sam wanted something, and anyone who expected less than an oversized contribution has a poor memory.

The collection in this county originated with the Council of Public Defense, headed by Lieutenant-Colonel W. Fulton Jackson. He appointed Paul W. Dingley as chairman for Lawrence county and Mr. Dingley asked the Greater New Castle Association to supervise the collection in New Castle. The GNCA appointed Ross D. Rosenberger as New Castle chairman, and

he in turn appointed a lot of sub-chairmen. And all of them put out.

Trucks were furnished by the following concerns: Harvey Bush, Cunningham & Weingartner, Robins Furniture, Sears, Smith Cleaners, New Castle Store, Farmers Supply, Kirk Hutton, Perelman's, Axi's Market, V. O. Potter, A. Pintabona, H. Waldman, Malizia Bros., Mrs. J. E. Rodgers, Mead Thompson, Walton's Market, H. G. Preston, Lawrence Furniture, Fishers' Store, Ivor V. Davis, Frenkel Auto, New Castle Duntile, Anderson Coal, Mira Market, A&M Super Market, Spencer Paint & Glass, Model Baking Company, Martin Furniture, Penn Power, Watsko Market, John Waslewski, Weitz Market, Nick Toscano, George Burkhart, Jake Kulkin, Sam Sloan, New Castle Waste Paper Produce company, McGrath Florists and Butz Bros.

Boy Scouts Work
The Boy Scouts did a real job of collection of the aluminum. Adult Scout Leader George Huff was in charge of the 80 boys, and they worked like trained troops. Just in case of any accidents, the New Castle fire department had its emergency squad car ready, but they never even warmed the engine. There weren't any accidents. Fire Chief James R. Thomas stationed himself at the collection bin to direct traffic in case of fire, but

there were no fires. Everything went off as smooth as a stock salesman's arguments, even the weather man did his bit.

The ex-service men who reported for duty as loaders at the bin were Robert Kerr, Earl Cummings, Joe Walzer, Al Pilshaw, Roy Jones, Albert Shook, Orville Potter, Wallace McKee, Ralph Hays, Earl Moffatt, David Marks, Harry Bollinger, Albert Wilkins, William McCann, Joe Replogle, Fred Alexander, David Bachman, Ed. Cross, James Bell and Jack Moran. Mr. Moran is from Lawrence and was passing through New Castle. Seeing the vets at work, he stopped off and did his bit until the work was all done.

Not all of the aluminum was old. One sack was brand new, with the tags still on the pieces. Some New Castle had no scrap aluminum and went out and bought some utensils.

At one place a housewife was making tea when the collectors called. She poured the tea out of the pot and turned in the teapot. Another housewife was washing dishes. She upset the dishes in the sink and turned in the dishpan. Still another family was at dinner. They poured out the remaining coffee in the pot and one of the youngsters ran down the street after the collection truck.

The entire collection was an example of civic unity. Uncle Sam wanted scrap aluminum, and he got

it. Some of the aluminum was not collected, and people who were missed are asked to send it down either to the Public Square or to the old New Castle mill. In a few days the entire Lawrence county collection will be weighed and reduced to flat and cut junk.

Still later other counties' collections will be turned in, for New Castle is one of nine general collection points in the state.

ATTEND CONFERENCE
District No. 2, Young People's Conference, met on Thursday evening at Providence Baptist church, near Ellwood City.

Edward Cable, of the First Baptist church, Ellwood City, presided over the open air meeting, with Ray Sams, of Beaver Falls, as song leader.

Rev. John Mueller of New Brighton brought the message, on the subject, "God and Nature."

After the meeting over a hundred young people enjoyed Christian fellowship, and a delightful lunch was served by the young people of the Providence church.

Misses Mabelle Schunk and Julia Kish, Rudy Schunk and Howard Goff, of the First Baptist church, were in attendance.

ENGINEERS TO FIX DATE

A definite date for the annual outing of the Mahoning-Shenango Valley Engineers' society will be set when council members and other leaders of the society convene next week at the call of President Joseph B. Lasky. The picnic will probably be in late August.

as the most advanced German spearhead along the great highway between Smolensk and Moscow.

This was revealed today in a vivid dispatch from the front by German Wa. Correspondent Döge, who reported bitter machine gun and artillery duels raging along both sides of the wide, modern highway which leads through woods and wheat fields to the Soviet capital.

Tenacious Resistance

Döge admitted in his dispatch that tenacious resistance of the Red army forces is costing the Leibstandarte losses.

(Editor's Note: A Soviet war communiqué stated that in the Smolensk area Soviet troops "entirely

ing in front of the slag company office when Atlee Smith came along and asked him the time. He pulled out his watch to answer, when Smith was hailed from across the street by two colored men, and went over to them. As he stood there with his watch in hand, waiting for Smith to return he stated that a red truck came down the street, struck the three men, who were standing in a group on the walk alongside the road, scattering the trio in different directions, and continuing on without stopping.

Called Police

He stated that he called police at once, after looking at the men and ascertaining that they were badly injured. Shortly the police arrived along with the mobile unit of the New Castle fire department, and another ambulance, the three men were picked up and taken to the New Castle hospital. He stated that he saw no other cars passing the scene at that time.

Police Lieutenant George Kennedy told of being summoned to the scene and of finding the bodies of the victims in the street. He was told that a red pickup truck had struck the men, and after seeing that the men were taken to the hospital, was called at that place and informed that two youths, John and Arnold Saesan had come to the police station, reporting that a truck which answered the description, and bearing license 5673 had been stolen from West Washington and Beaver streets. After he and Coroner Nugent had questioned John and Arnold Saesan, and had not been satisfied with their stories of what had happened, the two were locked up.

Truck Reaches Club

Robert Sage of 827 Beckford street, who stated that he was in a group waiting for a member of the Rumanian club to come with a key so they could get into the building, at 1020 South Jefferson street, saw a red truck drive up about 12:30 o'clock Sunday morning. It came slowly and must have drifted to a stop with the engine cut off, he stated. He saw a man get out and tried to straighten out the grill,

which was bent in. Its lights were not on, he stated, and he was unable to give any description of the man.

Henry Mayberry of R. F. D. No. 2, employed by the Pennsylvania Power company, told of seeing a red truck, followed by a green colored coupe, go down Jefferson street, about 12:20 o'clock, and stated that they were going more than the ordinary rate of speed. As he went down to get his car to go home he saw a crowd at the scene of the accident, just beyond the Pennsylvania Engineering Works, and arrived there as they were removing the bodies of the victims.

Brother Testifies

Arnold Saesan told of following his brother, who was driving a truck owned by the Castle Distributing company, down Jefferson street, on the morning of Sunday, July 20, and that they were going about 30 miles an hour. He said when he got to an hour, he saw the truck driven by his brother swerve, and then continue on. He saw something in the street but did not know what it was. He stated that his brother slowed down, but did not stop, and then went on to their destination, the Rumanian club. He said he was frightened and confused and they came back to the accident scene in his house and saw them putting the victims of the crash in ambulances, and that they then came on up to the police station and told police that the truck was stolen.

Ralph Criswell, acting police chief, on the date of the auto fatalities, told of questioning Saesan the next morning in relation to the deaths of Smith and McHenry, and of John Saesan dictating a statement that he was the driver of the truck which struck the three men, Smith, McHenry and Harry Atkins, the latter of whom is still in the New Castle hospital.

He said he became frightened after realizing he had struck the men, and drove away from the scene. He claimed in his statement that the lights of another car blinded him. After completing the statement, Alderman Brice asked John Saesan if that was his signature affixed to the paper, and he admitted that it was.

The coroner's jury which heard the testimony was composed of Clark H. Buell, H. F. Hagah, Fred V. Brown, George H. Bonshire, C. E. Allen and Roy Woodrow.

Harrisburg To Have Old Home Day On August 2

HARRISBURG, Pa., July 25.—Former Crawford counties have been invited to attend Old Home Day in Harrisburg, Saturday, August 2, the state department of commerce has been advised.

Plans for an all-day celebration on the school grounds are under the direction of the Harrisburg Women's Club. More than 500 persons attended the annual event last year.

Harrisburg is located in the region of Pymatuning State Park and Conneaut Lake, popular northwestern Pennsylvania resorts.

Minor Advances In Market Today

Crisis In Far East Restricts Market, Quotations Are Mixed After Opening

(International News Service)
NEW YORK, July 25.—The increasing crisis in the far east today restricted trading and price movements on the stock exchange.
Minor advances were general in early trading but price movements quieted down as the session progressed leaving quotations mixed.
Many key issues held around last night's closing quotations. Included were U. S. Steel, General Motors, Kennecott, Pennsylvania R. R., International Nickel, General Electric, Consolidated Edison and American Telephone.
Modest gains were chalked up by Chrysler, Y. Central, Standard Oil of N. J., Lockheed and Allied Chemical.
Sugars were among the strongest issues on the board, with American Sugar and Fajardo each up almost a point.

Health And Safety To Be Stressed At Girl Scout Camp

Staff Will Include Trained And Experienced Dietitian And Nurse

Camping to Girl Scouts means adventure and fun and these items are being well taken care of in the program for this year's Girl Scout camping season at the Lawrence County Boy Scout Camp.

But above all else, health and safety are essential to the eager young camper. To make healthful living in camp a vital part of the picture requires first of all an understanding of the need for it, an ability to translate it into terms of activities, and its acceptance as part of the adventure and experience of camping.

Miss Helen MacLean, director of scouts, assures us that there will be plenty of healthful activities at the 1941 camp, including hiking, swimming under the supervision of qualified Red Cross life savers, outdoor living, archery and numerous others.

Today we are more 'diet-conscious' than ever before and the local Girl Scout camp is fortunate to secure Mrs. Pearl Mills, as camp dietitian and food supervisor. Mrs. Mills has had years of experience planning meals for school children, and therefore the girls are assured of well balanced meals during their stay at camp.

It is one of the national scout requirements that a registered nurse be at camp at all times. Here, again the local scouts are indeed fortunate, because the nurse this year will be Miss Helen Wilson, New Castle school nurse. Miss Wilson has served the city schools as nurse for several years and is well known and liked by the girls.

With Mrs. Mills as dietitian and Miss Wilson as nurse, the basic rules in regard to diet, exercise, rest and cleanliness are sure to be observed and the girls at camp will be assured a well balanced health budget.

Monkey-Faced Owls' Nest Found

(Special To The News) GROVE CITY, July 25.—The second nest of monkey-faced owls has been reported in this district. Following reports of this rare bird nesting in a barn near Slippery Rock, Glenn Montgomery, of near Center town, called in bird experts to identify strange owlets in his silo, and learned they were of the monkey-faced species.

Mr. Henderson's attention was called to the odd birds when he heard strange noises coming from his silo. He found four of the fledglings on the floor of the silo, and climbing to the top, discovered a nest containing three more. He reunited the owl family, and later identified it as the rare monkey-faced species.

Pastor Called To Grove City

(Special To The News) GROVE CITY, July 25.—A minister from Niagara Falls, Ontario, was extended an invitation to serve the local Baptist church, at a congregational meeting. The call was made unanimously, after the congregation had heard two sermons on previous visits.

The minister is the Rev. B. A. Whitten, who has been serving as pastor of the Hope Baptist church of Niagara Falls.

The congregation heard several pastoral candidates, but was unanimous in extending a call to Rev. Whitten. He is 40 years of age, and has had a successful career in the ministry.
